VAAL UNIVERSITY OF TECHNOLOGY CELEBRATES 20 YEARS OF EXCELLENCE

The journey:

The year 2024 marks exactly 20 years of the existence of the Vaal University of Technology. The university was first established as a college for advanced technical education in 1966 and then transitioned into a Technikon in 1979. With the restructuring of the higher education landscape, the institution became a University of Technology in 2004 and has seen significant growth in its activities and reach since that time. The university currently boasts close to 20 000 active students.

This is testament to the institution's dedication to education, innovation, and excellence in the field of technology. Such anniversaries are not only moments to reflect on past achievements but also to look forward to future advancements and contributions to the world of technology and academia.

Academic Achievements and Graduate Success:

Throughout the years, VUT has and continues to offer an expansive catalogue of industry tailored undergraduate and postgraduate programmes which span the fields of Applied and Computer Sciences, Engineering and Technology, Human Sciences and Management Sciences. Our diverse Programme Qualification Mix (PQM) caters to a wide range of students with interests and ambitions in various disciplines.

Our innovative learning method facilitated by committed and esteemed thought leaders is the reason our institution has remained a reputable contributor to the country's knowledge edifice over the two decades. We proudly celebrate the vibrant tapestry of success woven by our esteemed alumni by shining a spotlight on the invaluable contributions of these accomplished individuals who once walked our halls and now stride confidently in diverse fields locally and internationally. From groundbreaking innovations to transformative leadership roles, our alumni exemplify the embodiment of our institution's commitment to nurturing talent and fostering lifelong connections.

An incubator of techno-entrepreneurial graduates and innovators

Located in a historical industrial hub, we have a vision to foster "Learning and Innovation for a Digitally Smart and Sustainable Industrial Progress and Socio-Economic Transformation." Our mission is to produce techno-entrepreneurial graduates and innovators who will serve as catalysts for a vibrant transformation of a flourishing and sustainable society, industry, and commerce. To achieve this, we provide technology-enhanced teaching and learning, quality living and learning communities, high-impact research and innovation that contributes to solving society and industry challenges.

Innovative Research:

With several centres of excellence and NRF-rated professors, we pride ourselves with being associated with world-class academics and researchers who not only produce ground-breaking research that solves real life problems, but also empower aspiring researchers to engage the most experienced minds in several research fields as their aides.

We are the only university in South Africa that fully owns a Science and Technology Park which is home to the Technology Transfer and Innovation which is a strategic technology hub that endeavors to promote SMMEs and industrial competitiveness. Its strategic location (Sebokeng), available infrastructure as well as the current entrepreneurial culture make it an ideal implementing agency for driving regional government programmes within the Southern Gauteng region.

The VUT Law Clinic which is also housed at the same precinct, offers free legal services to the indigent members of the Emfuleni community on matters related to Domestic Violence, Maintenance, Divorces, Drafting of Wills, Children's Court, Social justice issues such as the right to housing and unlawful evictions as well as labour related issues especially unfair dismissal.

Industry Partnerships:

The university proactively forges collaborations with industries to ensure relevance and applicability of education and research. These relationships with partners from industry, commerce, professional bodies and communities across South Africa also enrich our academic and research endeavors and enhance the value of our qualifications.

Community Engagement

The need to foster meaningful relationships between academic institutions and their surrounding communities, has been a focal point of discussion over the years. Through our department of Community Engagement, VUT continues to play a crucial role in promoting social responsibility, civic engagement, and sustainable development in the broader surrounding communities to create a positive impact and reciprocal and mutual learning for the benefit of social humanity. In addition to giving back to the community, such initiatives are aligned to, and underpinned by one of the University's strategic pillars of Socially Engaged Scholarship.

VAAL UNIVERSITY OF TECHNOLOGY

Inspiring thought. Shaping Talent.

**VAAL UNIVERSITY
OF TECHNOLOGY**

TO THE CLASS OF 2024

Esteemed Guests, Faculty Members, Graduates, Families, and Friends,

Dear graduate

On behalf of the Vaal University of Technology (VUT), it is with immense pleasure and pride that I extend my heartfelt congratulations to each one of you on this special occasion.

Today marks a significant milestone in your journey, one that you have worked tirelessly towards and one that deserves celebration and recognition in every way possible. Just as it is a moment of pride, graduation is also a time of reflection, and anticipation for what lies ahead. This day is not just about receiving your qualification; it is a testament to your growth, both academically and personally. Throughout your time at VUT, you have not only gained knowledge but also developed critical thinking skills, creativity, and a sense of responsibility towards society.

As VUT Vice Chancellor and Principal, I am privileged to witness the culmination of your hard work, dedication, and perseverance. You have shown not only academic excellence but also the qualities of resilience, determination, and adaptability that are essential for success in today's volatile, uncertain, complex, and ambiguous world. As you step into the next phase of your life – be it furthering your studies, entering the workforce, or pursuing your passions, remember that the skills and experiences you have gained here will guide you towards achieving your dreams and making a positive impact to the world. Always remain curious, continue to learn, and never shy away from challenges, for it is through challenges that we grow and evolve. Be courageous in pursuing your goals, compassionate in your interactions, and ethical in your decisions.

May I add that your graduation comes at a critical time when VUT is celebrating twenty years as a University of Technology. Throughout these years, VUT has and continues to offer an expansive catalogue of industry tailored undergraduate and postgraduate programmes which span the fields of Applied and Computer Sciences, Engineering and Technology, Human Sciences and Management Sciences. Our diverse Programme Qualification Mix (PQM) caters to a wide range of students with interests and ambitions in various disciplines, just like you.

Reaching two decades is not only a significant milestone for VUT, but it also testament to the institution's dedication to education, innovation, and excellence in the field of technology. Such anniversaries are not only moments to reflect on past achievements but also to look forward to future advancements and contributions to the world of technology and academia. Today we look back with pride at that fateful year in 2004

which saw the restructuring of the higher education landscape, leading to the birth of VUT. Since then, the institution has seen significant growth in its activities and reach – and you are a greater part of our story of access to success.

As I said, graduations are also a good time for reflection, and therefore, I encourage you to reflect on your journey thus far and recognize the support that you have received from your lecturers, academic advisors, fellow students, family, and friends. All of them have been instrumental in contributing to your career aspirations, even in the minimalistic way possible, and it is important to express your gratitude to them. Let's give them a BIG round of applause!

Lastly, the world awaits your talents, ideas, and contributions. Go out there with confidence, courage, and a determination to make a difference.

Once again, on behalf of the VUT community, I wish you all the best for a bright and fulfilling future. May your journey be filled with success, happiness, and countless opportunities.

Congratulations once again, graduates. We are immensely proud of you!

Thank you.

***Prof Stephen Khehla Ndlovu.
Vice-Chancellor and Principal***

SESOTHO

Baeti ba Hlomphehang, Ditho tsa Fakhalthi, Baithuti ba aparang, Ba leloko le Metswalle,

Moithuti ya aparang ya ratehang

Bakeng sa Yunivesithi ya Thekenoloji ya Lekwa (VUT), ke ka thabo le motlotlo ke fetisang diteboho tsa rona ho e mong le e mong wa lona moketeng ona o ikgethileng.

Kajeno ke sesupo ya tema e kgolo eo o e kgathileng leetong la hao, eo o e sebelleditseng ka thata mme e tshwanetsweng ke keteko le tlotlo ka tsela e nngwe le nngwe e teng. Jwalo ka ha e le monyetla wa ho ikgantsha, mokete wa dikapeso ke nako ya ho sheba morao mme o lebelletse ka pele. Letsatsi lena ha se la ho fumana lengolo la hao la thuto feela; ke bopaki ba kgolo ya hao, dithutong le bophelong ka ho tshwana. Nakong ya hao kaofela mona VUT, ha wa fumana feela tsebo empa o thehile bokgoni ba ho nahana ka kelohloko, boqapi le maikutlo a boikarabelo sejthabeng.

Jwalo ka MotlatsaMotjhanselara le Mosuwehlooho wa VUT, ke lehlohonolo ho boha pheletso ya ho sebetsa ka thata, boikemisetso le mamello ya hao. O bontshitse e seng feela bokgabane dithutong empa hape bokgoni ba mamello, boikemisetso le ho ikamahanya le maemo di bohlokwa bakeng sa katleho lefatsheng la kajeno le tletseng dintwa, le fetofetohang, le matswedintsweke mme le kopakopaneng. Jwalo ka ha o kena mokgatlelong o latelang wa bophelo ba hao - ho sa natse hore na ke ho tswelapele ka dithuto tsa hao, ho lo sebetsa kapa ho latella ditiro tsa hao, hopola hore bokgoni le boiphihlelo tseo o di fumaneng mona di tla o tataisa hore o fihlelle ditiro tsa hao le ho ba le kabelo e ntle lefatsheng. Dula o batla ho tseba, tswelapele ho bala mme o seke wa baleya diphepetso hobane ke ka diphepetso re holang le ho ntlafala. E ba sebete ho fihlelleng ditiro tsa hao, e ba le kutlwelo bohloko dikamanong tsa hao mme diqeto tsa hao e be tse nepahetseng.

E re ke hlwaye hore mokete wa lona wa dikapeso o etsahala ka nako e hlakolosi moo VUT e ketekang dilemo tse mashome a mabedi e le Yunivesithi ya Thekenoloji. Dilemong tsena kaofela, VUT e bile e tswelapele ho nehelana ka lethathamo le leholo la diindasteri tse etseditsweng mananeo a baithuti ba hona jwale le ba pele le kenyeletsang didikwadikwe tsa Saense ya tsa Khomphiyutha le Tshebediso, Boenjenere le Thekenoloji, Saense ya tsa Botho le Saense ya tsa Tsamaiso. Motswako wa Mananeo a Mangolo a thuto (PQM) wa rona o fepela baithuti ba bangata ba nang le dikgatleho le maikemisetso a makala a fapaneng, jwalo ka wena.

Ho fihlella mashome a mabedi ha se feela phihlelo e kgolo ya VUT, empa hape ke bopaki ba boikemisetso ba yunivesithi ho thuto, boqapi le bokgabane sedikwadikweng sa thekenoloji. Sehopotso se tjena ha se monyetla feela wa ho hopola dikatleho tsa morao empa hape ho sheba pele ho dipihlelo tsa hosane le dikabelo lefatsheng la thekenoloji le la dithuto. Kajeno re hetla morao ka motlotlo selemong seo se mahlonoko sa 2004 se bileng le tlhophisobotjha ya ditheo tsa thuto e phahameng, se lebisitseng tswalong ya VUT. Ha e sa le ka nako eo, yunivesithi e bone kgolo e ntle mesebetsing ya yona le phihlelong ya yona - mme o karolo e kgolo ya pale ya rona ya ho tloha ho phihlelong ho ya katlehong.

jwalo ka ha ke buile, mekete ya dikapeso ke nako e ntle ya ho hetlela morao mme ka hoo, ke o kgothaletsa hore o hetlele morao leetong la hao ho fihlela hona jwale mme o e lellwe tshetsetso eo o e fumaneng ho tswa ho barupedi ba hao, baeletsi ba tsa dithuto, baithuti mmoho le wena, ba leloko le metswalle. Kaofela ha bona ba bapetse karolo e bohlokwa boiphihlellong ba ditabatabelo tsa hao tsa mosebetsi, esita le ka tsela e nyane ho bohlokwa ho bontsha teboho ya hao ho bona.
