### **NOTICE TO ALL STUDENTS**

Kindly be advised of the following updated arrangements pertaining to the registration of senior students.

The registration dates will now commence as follows:

1. From 27 January 2025: senior students registering for level of study 1, 2 and 3 (12pm)
2. From Thursday, 30 January 2025: senior students on level of study 4, advanced diploma, postgraduate diploma and Masters and Doctoral students
3. 03 February 2025 until 14 February 2025: Finalisation of registration for all students, late registration (period of additions and cancellations).

The commencement of classes is still scheduled to commence on 03 February 2025.

Kindly further note that as communicated in the 2024 academic year, registrations are done once at the beginning of the academic year. This means that if a student has only second semester modules outstanding, they must ensure that their registration for the 2025 academic year is processed and finalised during this registration period. The second semester registrations will be for modular additions and cancellations only, and not for new qualification registrations.

Issued by the Office of the Vice Chancellor and Principal.
