# TO THE CLASS OF 2025

*Esteemed Graduates, Distinguished Guests, Faculty Members, Families, and Friends*

Today, we gather to honour the exceptional achievements of the Class of 2025 at the Autumn Graduation Ceremonies. This milestone is not merely a testament to your academic dedication but a clarion call to action: a summons to apply your knowledge.

South Africa stands at a pivotal moment, grappling with significant socio-economic issues. As of the fourth quarter of 2024, the official unemployment rate remains alarmingly high at 31.9%, with youth unemployment (those aged 15 to 24) soaring to 44.6%. These statistics are not just numbers; they represent the lived realities of millions and underscore the urgent need for innovative solutions.

Your education at Vaal University of Technology (VUT) has equipped you with the tools to be catalysts for change. The knowledge and experiences you've gained here empower you to drive innovation, create employment opportunities, and contribute meaningfully to society. As you step into the world beyond these halls, remember that your actions have the potential to transform communities and uplift those around you.

Reflecting on the wisdom of former United Nations Secretary-General Kofi Annan: "Knowledge is power. Information is liberating. Education is the premise of progress, in every society, in every family." Your education is not an end but a beginning, a foundation upon which to build solutions that address inequality, infrastructure deficits, and joblessness.

As you embark on this journey, I urge you to:

- **Innovate with Purpose:** Seek out and develop solutions that are sustainable and inclusive, addressing the root causes of our societal challenges.
- **Engage in Lifelong Learning:** The landscape of knowledge is ever evolving. Stay curious and committed to expanding your horizons.
- **Uphold Integrity and Compassion:** Let ethical considerations and empathy guide your decisions and interactions.

Take a moment to express gratitude to those who have supported you: your lecturers, mentors, families, and friends. Their unwavering belief in your potential has been instrumental in your journey.

As you move forward, know that the VUT community stands with you, confident in your ability to lead and inspire. The challenges are great, but so is your potential to effect meaningful change.

Congratulations, Class of 2025. The future awaits your unique contributions.

I thank you!

Thuto ya gago ga se mafelelo eupša ke mathomo, motheo wo go wona o ka agago ditharollo tša go se lekalekane, go hlaelela ga mananeokgoparara le hlokego ya mošomo.

The role of alumni relations in any institution is to manage the relationship between an institution and all its former students and graduates. VUT, like other institutions, is committed to enhance its relationship with its former students and graduates through formal and informal programs that are mutually beneficial in nature.

Each year we strive to reconnect more former students and graduates with the current students in their respective groups of interests and academic fields that helped them most in their careers / extramural activities. We affirm all segmented Networks; be it the Vaal College for Technical Advancement, Vaal Triangle Technikon or Vaal University of Technology indiscriminately.

We would like to invite all former students and graduates to share their success stories, job opportunities, career milestones, internships, bursaries, challenges faced and mostly inputs on the current development(s) of the university. With your participation, we support VUT in its endeavors to make sustainable impact in the immediate community and the broader society. On a collaborative effort with diverse stakeholders, Convocation

& Alumni Association, students and friends of VUT, we continue to promote the VUT brand through improved marketing and communications, meaningful alumni engagements guided by the Vaal University of Technology's 2033+ Strategy.

Like a unique puzzle piece, you are an ambassador of VUT, your participation to attract and hold interests of Alumni is valued.

**Welcome...**, you are a now part of VUT Alumni Network; more than 100k VUT graduates since its inception in 1966.

Welcome to a variety of interest groups and networking chapters; regionally, provincially, nationally and internationally. Check us on social media and meet your peers, former Ma-Vallies / MaVuti (classmates, Res mates, Sports mates, mentors, Lecturers, etc.)

Your meaningful participation or engagement is appreciated. Thank you for choosing VUT.
